The East Stand & Land Development at Sixfields

ATTENDEES

Cllr Jonathan Nunn

Cllr Adam Brown

Cllr Emma Roberts

Cllr Gareth Eales

Cllr Sally Beardsworth

EXECUTIVE SUMMARY

OUR CONCERNS & ISSUES

Lack of Transparency - eg: Chinese Sale

Lack of Details On EVERYTHING

£6m + Debt To Owners

£3m Spend For 202 Seats and 8 or 18 Boxes

Original Footprint Must Not Be Lost

No Plans No Ambition No Future

Owners Will Repay Themselves 1st Out Of Any Deal

Our Total Dependence On One Individual As A Source Of Finance

It appears that the current proposed deal best serves the short-term interests of its overseas owners, leaving the club with an inadequate stand and hemmed in by industrial units

EXECUTIVE SUMMARY

HOW WE COMPARE TO OTHERS

Lowest Ground Capacity Of Any Long Established Club
One Of The Only Clubs Without Pitch Facing Hospitality
Out-Performed On & Off The Pitch By ALL our Local Rivals
Away Fan Offering Is One Of The Most Basic In The League
Many Other Owners Converting Their Debt To Equity
Other Clubs Planning Bigger & Better Growth & Development
Had 7 Managers And 2 Relegations in 6 Years
Our Assets To Liabilities Ratio Is One Of The Worst
Benefit From Large Local Population With No Major Rivals

***We are getting left behind on and off the pitch.
It will only get worse if we follow the same path
of land deals first, football club last***

EXECUTIVE SUMMARY

A BETTER WAY?

Infrastructure Foundation For Sixfields
Fund Raise For Further Facilities
Explore Options Like Hotel & Conference Centre
50+1 Or Similar Supporter Initiatives
Create Sporting Excellence Centre For All Sports
Show Imagination, Ambition & Passion
T.E.A.M. Community Attitude Rather Than Distance Owners
Local Investment, Ownership & Involvement
Build WOW Not Basic

***Grow the football club through an
Infrastructure Foundation to attract
further investment, creating a facility
Northampton can be truly proud of.***
